### Immunization Record Requirements 2024-2025

Dear Parent or Guardian,

As of August 1, 2020, all immunization records turned in to schools or child care centers are required by state law to be medically verified. Immunization records must be turned into the school on or before the first day of attendance. This means immunization records turned in to the school must be from a health care provider, or you must attach paperwork from a health care provider to your handwritten form that shows your child's records are accurate. Your child cannot attend school until you provide these records.

Here are some examples of medically verified immunization records:

- A completed [Certificate of Immunization Status \(CIS\)](#) signed by a health care provider. Find the CIS form by visiting <https://www.doh.wa.gov/SCCI> and clicking on "Certificate of Immunization Status."
- A CIS filled out by you or another parent/guardian with medical records attached.
- A CIS printed by a health care provider or school from the Washington State Immunization Information System.
- A CIS printed from [MyIR](#) which is a free Department of Health online tool that allows families to view and print their official immunization records themselves. Go to <https://wa.myir.net/register> to begin the sign-up process.

If you are requesting an exemption from one or more of the immunization requirements, you must provide the school a completed Certificate of Exemption.

Every new school year, per state law, you are required to turn in a copy of immunization record/s of your child/ren even if there are no changes made in their immunizations.

If you have any questions please don't hesitate to give me a call.

Sincerely,

Kelly Hagala  
Director
